

Annunciator

RS119

Brief Introduction

RS119 explosion-proof Annunciator is specially designed for gas detectors and other equipment which require function of audio and visual alarm. It is the best suitable choice for gas detectors and other security alarm equipment.

Features

- Visual alarm
- Audible alarm
- Made by stainless steel material
- Explosion-proof design, applicable to hazardous area
- Compact design, easy for installation

Specifications

- Power : DC24V±6V
- Current : ≤60mA
- Light intensity : ≥2400mcd
- Sound intensity : ≥85dB
- Working life : > 3 years
- Working temp.: -40℃~70℃
- Working humidity: ≤95%RH
- Material: Stainless steel S304
- Installing screw: M22×1.5(cm)
- Protection degree: IP65
- Explosion-proof: Ex d mb II C T6 Gb
- Dimension: 65×40×81(mm)
- Weight: about 0.3 Kg

HAUSNET

Open Path Methane Detector

OPGD1000

Features

- Advanced technology of TDLAS
- Great repeatability and selectivity
- High accuracy and sensitivity
- Excellent anti-interference to wind, sand, shock and water vapor
- Long life span and low maintenance cost

Specifications

- Range: 0~100%LEL · m
- Working distance: 120m
- Working humidity: 0~95%RH
- Working temperature: -20℃ ~ +50℃
- Zero drift: ±5%LEL · m
- Error rate: ≤±2%F.S
- Explosion-proof: Exd IIC T6
- Ingress protection: IP66
- Housing: 316L stainless steel
- Signal output: 4 ~ 20mA or RS485
